

Township of Parsippany Troy-Hills
OPEN POSITION ANNOUNCEMENT
ELECTRICIAN

Workweek: Monday through Friday, 7:30 a.m. until 3:30 p.m.

Wage: Per Ordinance

Definition: Under direction, does varied types of work involved in the installation, inspection, repair, servicing, and maintenance of industrial electrical equipment, appliances, machinery, motor control systems and circuits including both high and low voltage 3 phase systems and does related work as required.

Examples of Work: Inspects electrical wiring, fixtures, appliances, motors, generators, pumps, power circuits, and controllers of machines and elevators, ascertains the nature of needed repairs and/or replacement and does whatever repair and installation work is necessary.

Installs, maintains, inspects, repairs, and services, generating and control equipment, relays, transformers, motors, pumps, switches, outlets, signal systems, and other electrical wiring, cables, fixtures, and appliances of varied types.

Makes emergency electrical repairs, trouble shoots malfunctions and breakdowns, inspects work in progress and completed work for defects, fire hazards or other unsafe conditions.

Works from electrical schematics, plans, and specifications in accordance with established procedures.

Experience: Five (5) years of experience in work involving the installation, inspection, repair, servicing, and maintenance of electrical equipment, appliances, machinery, motors, pumps, control equipment, panels, feeders and circuits. Foreman/Supervisor experience preferred.

License: Appointees will be required to possess NJ electrical contractor license issued by the NJ Board of Electrical Contractors and a driver's license valid in New Jersey to perform the essential duties of the position.

Abilities: Knowledge of the problems, equipment, and techniques involved in installing, inspecting, repairing, and maintaining cables, wiring, motors generators, pumps, motor control systems and refrigerators, and air conditioning equipment, switchboards, panel boards, machinery, and circuits.

Confidence and ability to work with 3 phase high and low voltage electrical systems.

Ability to analyze problems involving electrical installation, inspection, maintenance, and repair work, and develop effective work methods.

Ability to install, inspect, repair, and maintain cables, wiring, motors generators, pumps, motor control systems and refrigerators, and air conditioning equipment, switchboards, panel boards, machinery, and circuits.

Ability to read, write, speak, understand, or communicate in English sufficiently to perform the duties of this position. American Sign Language or Braille may also be considered as acceptable forms of communication.

Persons with mental or physical disabilities are eligible as long as they can perform the essential functions of the job after reasonable accommodation is made to their known limitations. If the accommodation cannot be made because it would cause the employer undue hardship, such persons may not be eligible.

To apply: Submit a letter of interest, resume and a copy of NJ electrical contractor license issued by the NJ Board of Electrical Contractors and driver's licenses to Hank Sunyak, Personnel Director, Township of Parsippany, 1001 Parsippany Blvd., Parsippany, NJ 07054.

Closing Date: April 13, 2015
