

Township of Parsippany-Troy Hills MAYOR JAMES BARBERIO

Weekly update of 07/17/17

Mayor Barberio's Weekly Update

The wait is over! I am pleased to announce the grand opening date of the new driving range at the Knoll Golf Club for Thursday, July 20 at 4 pm. The range, designed by architect, Steven Kay, can be used by golfers on both the East and West courses.

The driving range was designed with 22 state of the art stalls. The turf grass in the body of the range (to where the golf balls are hit) has been maintained to present four target greens for golfers to aim at while they practice.

The range is 280 yards in length from the tee box. The area is widened to allow for the flight of the golf balls and poles & nets have been installed to keep the golf balls from leaving the range area. There are two cart paths to allow for golf carts to drive to the range from both the West and the East courses. Golfers will also be able to park their automobiles in the parking lot of the Amphitheatre on Knoll Road. A small building was erected to accommodate the cleaning and distribution of the range golf balls.

This new golf facility will allow both beginners and experienced golfers to improve their game in a well-designed attractive golf practice range. I am hopeful that the new driving range will attract more users to the facility as they practice their swing! Watch for additional information forthcoming with hours of operation, etc.

I had the opportunity to meet with the new Superintendent of Schools for the Township of Parsippany-Troy Hills to welcome her and offer any support she might need. Dr. Barbara Sargent has an extensive curriculum vitae and comes to us highly recommended as a veteran educator who has worked in just about all aspects of education for 30 years. A natural born leader and proponent of community service, we look forward to her encouragement in promoting a high level of achievement in our students.

The schedule of the July concerts are listed below. In case of inclement weather the concerts will be moved to **Parsippany High School**.

FOOD DRIVE!

I welcomed the second of this summer's group of Chinese exchange students. They were given a tour of the Municipal Building and an explanation of what government is like here in the United States. The growing wealth in China has allowed parents to send their children abroad to study. Attending summer camps before attending college has become a growing trend for these Chinese kids. Zhuhai TV has created a program to bring kids to the United States for summer camp. Once here, they follow the students with an interview team and cover their entire visit.

The Board of Education has worked with the Mayor's Office to provide transportation, activities, learning sessions and entertainment for the Chinese students. Many of them speak English yet they are accompanied by a teacher and translator.
