Re: **Executive Order #194, (Indoor Dining)**
Executive directive, ED 20-030 Health & Safety Standards, NJDHSS Indoor Dining

Dear Merchant:

Enclosed you will find the above-mentioned Order/Directive for your facility. Please read all the enclosed documents and implement within your facility. Moving forward, as we plan to restore economic stability through public health, there will be certain expectations. You must adhere to responsible commerce by providing a safe environment for your employees and customers.

- Please have appropriate signage at your entrance regarding occupancy limits
- Post signs throughout the store alerting staff and customers of appropriate social distancing protocols
- Adhere to continuous infection control practices.

Furthermore, we ask that you reach out to our department if you know of someone who has tested positive for COVID-19 within your facility. This is imperative for us to implement our continued efforts of robust contact tracing, as well as to discuss the next steps you should take for your facility.

Please note that all the enclosed documents are subject to change as we progress in reopening New Jersey.

Finally, I would like to thank all of you for your continued sacrifice during this unprecedented time. I am certain that we will all persevere and recover stronger than ever.

Regards,

Carlo DiLizia

Health Officer
