MORRIS COUNTY, IN COLLABORATION WITH TCNJ, IS PROUD TO ANNOUNCE THE COMPLETION OF OUR 2025 CHA/CHIP!

WHAT IS A "CHA/CHIP"?

A community health assessment (CHA) is a tool used to improve policy and program decisions within a community. Gaps in resources are found through surveys and interviews to see what the community needs.

Once the CHA is completed, the community health improvement plan (CHIP) is another tool used to build a plan that bridges the gaps in resources, found in the CHA, in the coming years!
