WATER METER REPLACEMENT PROGRAM - PHASE 2

The Township of Parsippany-Troy Hills is committed to providing superior service to our residents, and as part of this commitment, we need to periodically change out our water meters per Township Ordinance 420-9 Service. For Phase 2 of our Water Meter Replacement Program the Township Water Department has contracted with **MeterTek Utility Services, Inc.** to change out meters for those residents who live in the highlighted areas (colored in blue) in the attached map. Residents who have not had their water meters changed under this program should expect to receive a follow-up letter from the Township's authorized contractor, MeterTek Utility Services, Inc., regarding details of the program and how to make an appointment.

How to Schedule Appointment

In order to perform the needed meter replacement, we will need you to provide access to the property. There is no cost to you to have this work performed. MeterTek Utility Services, Inc, will perform this service. Please call 1-800-717-0974 between 8:00 A.M. and 4:00 P.M., Monday through Friday to schedule an appointment. You may also request an e-appointment by visiting their website at www.metertek.net. They will work with you to schedule a mutually convenient time to perform the replacement.

How To Prepare And What To Expect

To prepare for the meter change we ask that you have cleared access to the water meter and that an adult, at least 18 years of age, be present while MeterTek performs the replacement. During the process of the meter change the water service will be interrupted for a short time. The installation typically takes about 30 minutes.

Thank you for your cooperation.

Kevin Busund
Assistant Water Superintendent

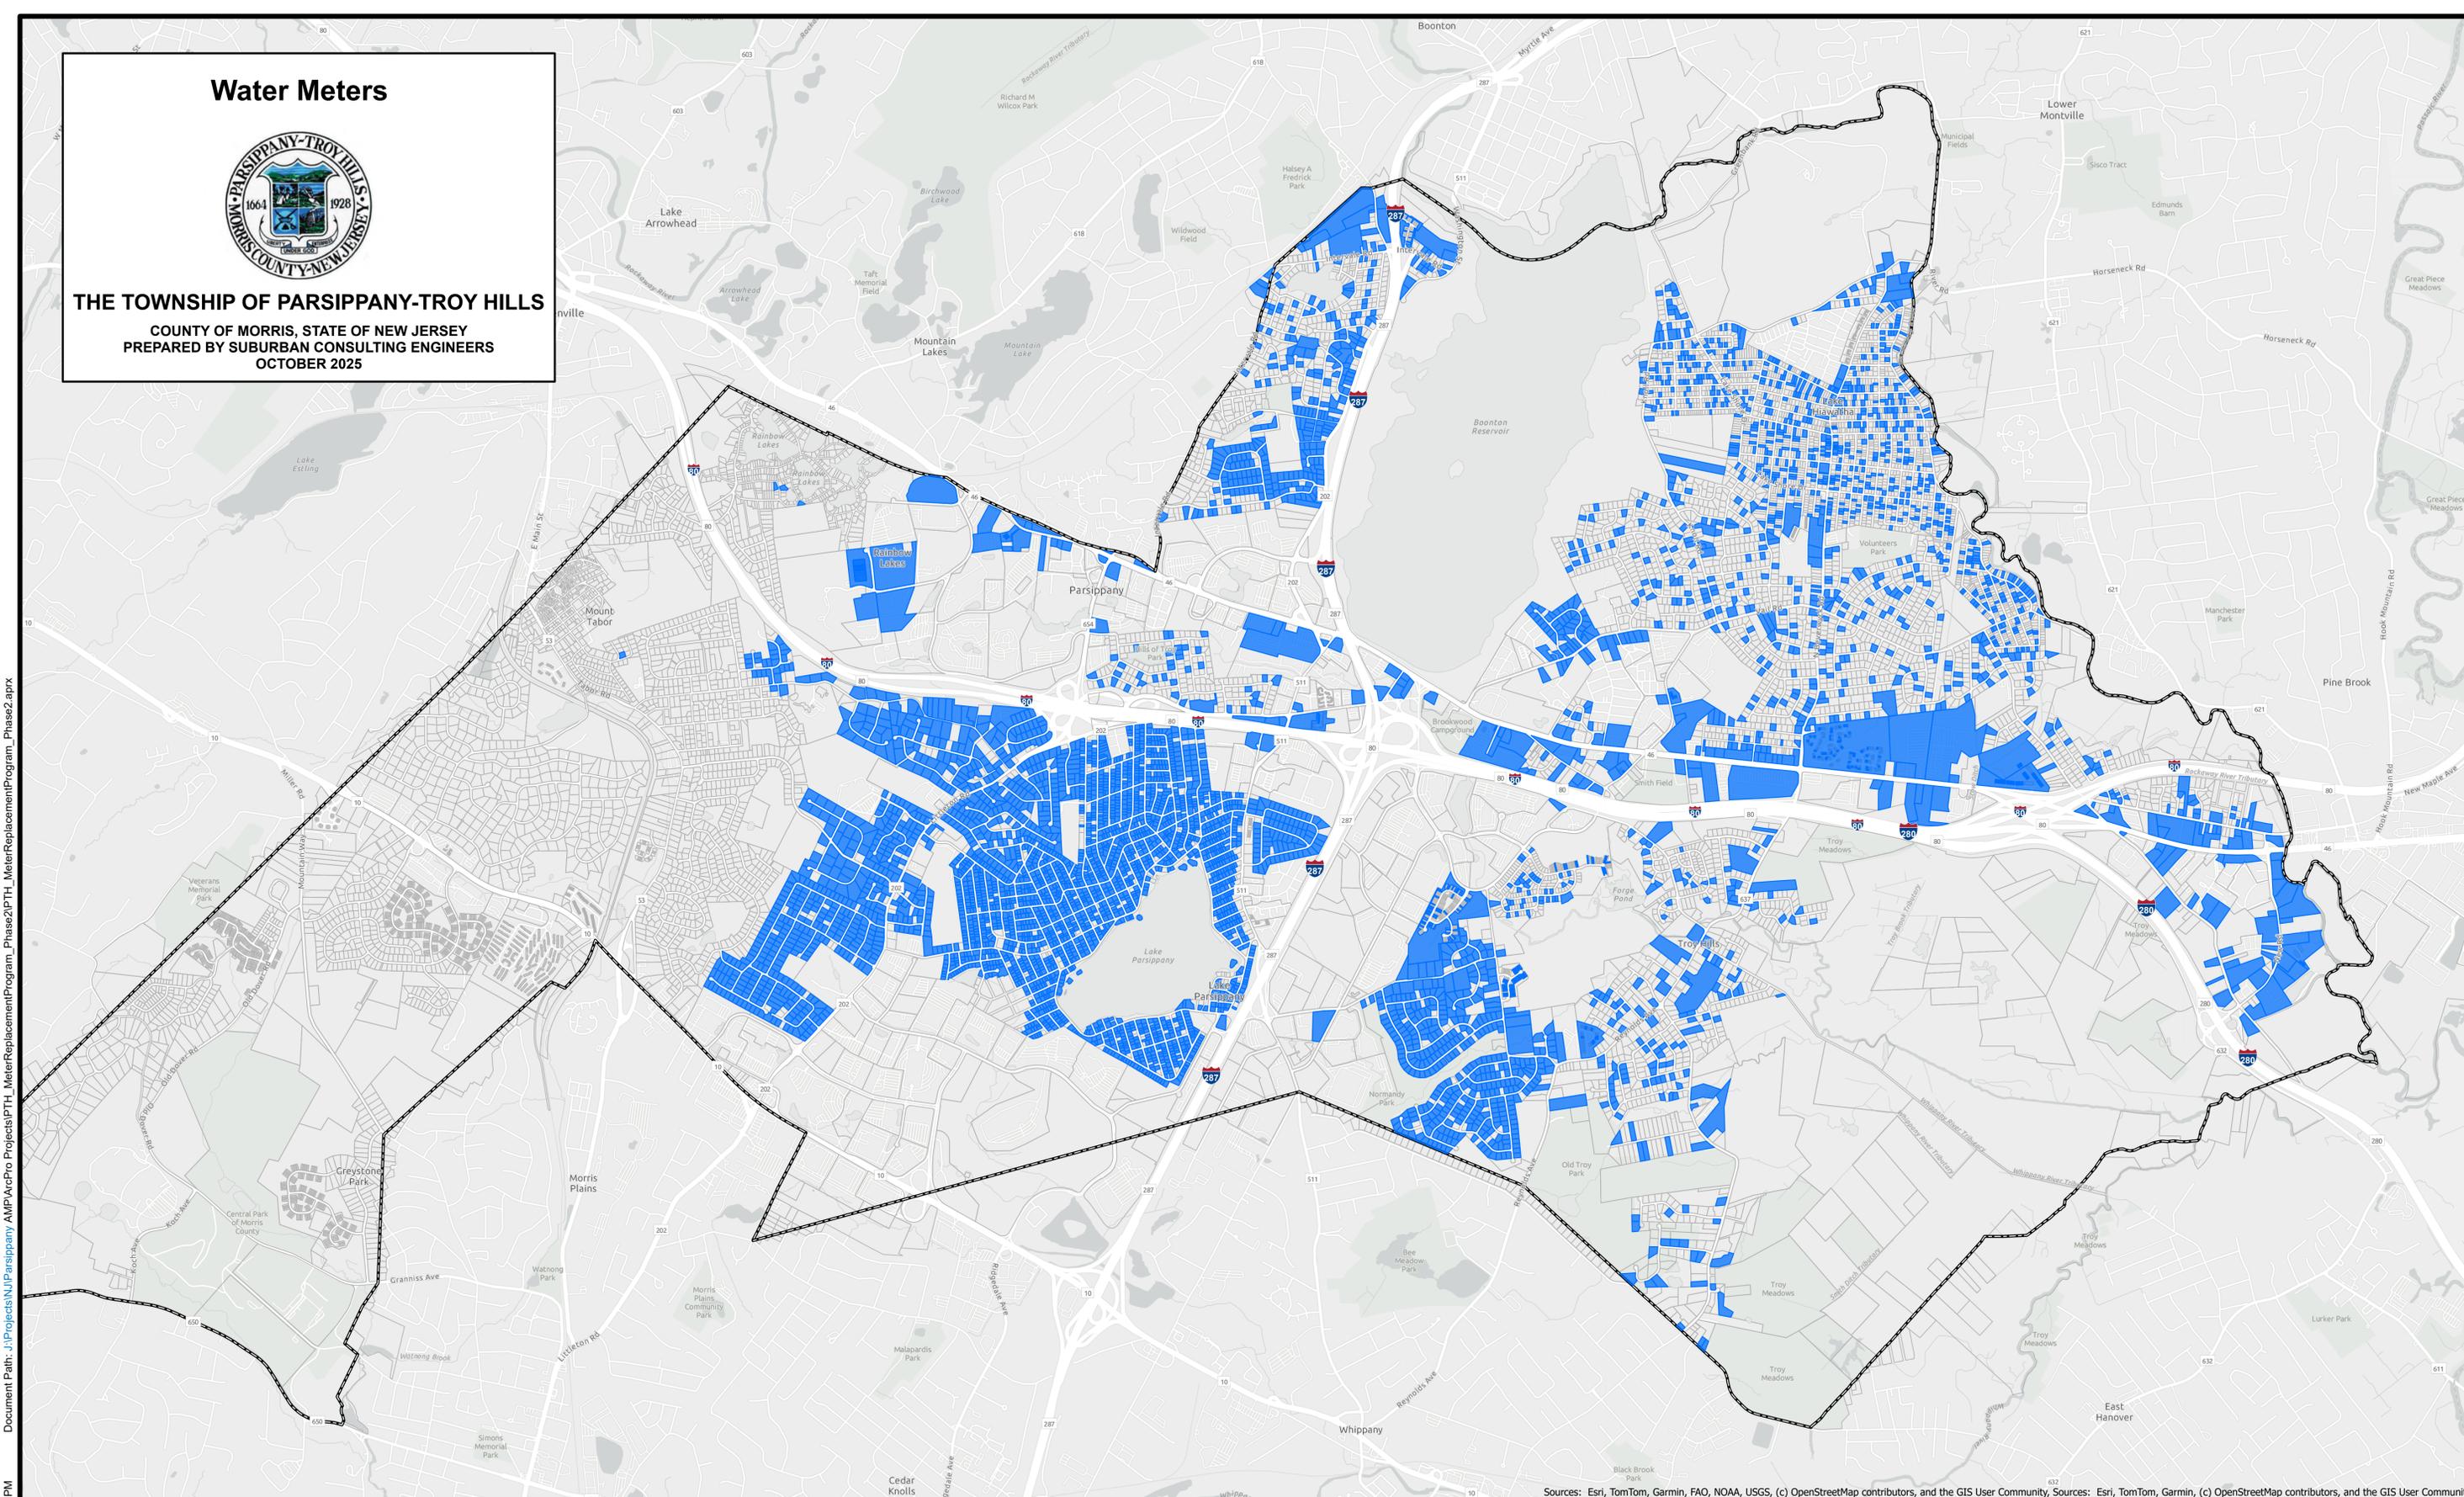

SCHEDULE YOUR APPOINTMENT TODAY: CALL 800-717-0974 BETWEEN 8AM-4PM, MON TO FRI OR BY VISITING <https://metertek.net/meter-appointment> or use QR CODE
